

SAH Series (Four beam)

ROISOK
Means Quality

Model:SAH-50 SAH-100 SAH-150 SAH-200 SAH-250 SAH-300

Main Features:

- 4 beam infrared covered at the same time, adapting to the climate conditions (rainy, fog, and snowing)
- Professional Optical Filtering Lenses, Strong Light Protection
- Infrared LED
- Special design for the raid of thunder
- Time to Alarm: 50~700msec
- Working Voltage: 10.5~28VDC
- Working Current: 40mA max
- Working temperature: -25~55° C
- Adjustable angle of light (horizontal): $\pm 90^\circ$
- Adjustable angle of light (Vertical): $\pm 10^\circ$

ES-626 Siren without light

Specification:

- Operating Voltage: 12VDC
- Current: 300MA
- Flashes Frequency: 150 times/ minute
- Acoustic Pressure: 110+/-3(dB/1m)
- Size: $\phi 122*72*43$ mm

SFL-05 Strobe Light

Specification:

- Operating Voltage: 12VDC
- Current: 600MA -1200MA
- Working Power: 15W 20W
- Acoustic Pressure: 115+/-3(dB/1m)
- Size: $\phi 99*106$ mm

AD-103 Siren with Light

Specification:

- Operating Voltage: 12VDC
- Current: 120MA
- Flashes Frequency: 90 times/ minute
- Working Power: 15W 20W
- Size: 70*36.5*56mm
